THE APARTMENT

The Perfect Apartment in the Heart of the City

This apartment is a unique blend of a perfect layout, wonderful energy, and absolute tranquility. This two-sided apartment is exceptionally quiet, with a view of lush greenery that makes you forget about the city's hustle and bustle. The west-facing living room is bathed in afternoon sun, while the north-facing bedroom and kitchen provide a comfortable coolness on hot summer days.

The apartment underwent a major renovation a year ago, with meticulous care taken to preserve its historic character. The mosaic flooring in the kitchen and bathroom and the restored, oiled parquet are testaments to the beauty of a bygone era. The stylish interior is complemented by designer furniture from Soho Home. The apartment is extremely functional, offering a large bedroom and a living room with a breathtaking view of the quiet part of Wyzwolenia Avenue, a historic tenement house, and greenery. An added bonus is a practical storage room on the half-floor.
